THANK YOU: We would like to thank everyone for the cards and prayers that have been sent our way. It has been a tough few weeks, but it is starting to get a bit better. Don is doing well but has a long way to go as he will face more surgery in the future. As some of you know, he had a blood clot that resulted in a thrombectomy. He was doing well, or so we thought, but he developed an infection that caused him to go into septic shock. Both of those events necessitated a hospital stay and surgery, the latter event resulting in the removal of his knee replacement that had been put in last January. He is hoping to get another new one by mid-December. Anyway, it may be a while before he can get out to church as he has just gone to doctor appointments so far. He has limited range as he has a "spacer" in his knee now rather than any kind of real replacement. It consists of cement and antibiotics and will remain until they are sure all signs of infection are gone. He still gets daily infusions of antibiotic also. Again, thank you so much for the prayers. They keep us going!

Thanks again,
Don and Cindy Collins
